Registration Period:

[ ] 7 Years

[ ] 25 Years

[ ] Indefinite

Purpose:

Protection of identity, lineage, personal data, intangible property, and family-related administrative records of natural people.

Signature: _____

Date: _____

MASTER COLLATERAL DESCRIPTION

Collateral includes all present and after-acquired intangible property of the grantor, including:

1. Identity Data:

All name variants, transliterations, stylised forms, genealogical identifiers, lineage markers, metadata, and identifying attributes connected to the natural people listed as grantor.

2. Personal Data & Records:

All personal, genealogical, historical, administrative, or family records held by any public or private entity, including archives, correspondence, filings, digital identities, authentication identifiers, and records relating to the natural people listed.

3. Trust, Family, and Lineage Interests:

All beneficial, equitable, contingent, expectancy, or lineage-based interests arising from family estates, trust structures, guardianship roles, custodial duties, or intergenerational identity.

4. Communications & Documents:

All documents, notices, correspondence, instruments, digital messages, records, or materials issued in the name(s) of the natural people listed or relating to them in any capacity.

5. Financial and Administrative Intangibles:

Any rights, claims, or data relating to intangible property, digital identifiers, administrative entries, internal records, privacy-governed datasets, or personal information protected under the Australian Privacy Principles.

This registration covers all rights, interests, and intangible property connected with the natural people listed as grantor.

MULTI-REGISTRATION MAP

1. Identity Protection Registration:

Class: Intangible property

Protects: Name variants, identity data, digital records.

2. Lineage & Beneficial Interests Registration:

4. Financial/Administrative Intangibles Registration:

Class: Intangible property

Protects: Internal records, metadata, identifiers.

5. ALL-PAAP Master Registration:

Class: ALL-PAAP

Protects: All intangible property present and future.

IDENTITY-PROTECTION MATRIX

This matrix outlines the organisational categories protected under this PPSR structure:

• Identity integrity (APP 1.2)

• Data minimisation (APP 6)

• Protection against unauthorised disclosure (APP 11)

• Correction rights (APP 13)

• Lineage continuity and genealogical data anchoring

• Administrative record handling and metadata governance

This matrix supports the preservation and protection of identity, lineage, and personal data for natural people.
